SpareTime™ Digit Painting™ Releases for Android and iOS Today
Official launch of Acipe Digital's third game for Smart Devices

Jupiter, FL - Tuesday, January 28, 2020 – Acipe Digital is proud to announce its third foray into the mobile gaming space with the release of *SpareTime™ Digit Painting™*, the third entry in the SpareTime™ series of mobile games on Android and iOS. The Android version is available now in the Google Play Store and the iOS version available now in the Apple App Store.

SpareTime™ Digit Painting™ is a paint by numbers game. The player taps the blank regions of the image to fill the regions in with color. Coloring the entire image with the colors correctly to complete it.

Some features:

- Categories and levels can be browsed through the Library screen.
- Use hints to zoom in on the smallest area selected color.
- Obtain coins for completing levels which can be used to unlock levels.
- Layers can be awarded a hint completing levels too.
- Share completed levels on social media such as Twitter and Instagram or other installed apps installed on your device. Images can also be saved to your device.
- Game saving features allow you to resume your progress.
